Food for Thought - The Bank of Time

Imagine that there is a bank which credits your account each morning with €86,400, carries over no balance from day to day, allows you to keep no cash balance and every evening cancels whatever part of the amount you have failed to use during the day.

What would you do? Draw out every penny of course.

Well, everyone has such a bank. Its name is TIME.

Every morning, it credits you with 86,400 seconds.

Every night it writes off, as lost, whatever of this you have failed to invest to good purpose. It allows no overdraft.

Each day it opens a new account for you. Each night it burns the records of the day. If you fail to use a day's deposit, the loss is yours. There is no going back. There is no drawing against tomorrow. You must live in the present on today's deposit. Invest it so as to get from it the utmost in health, happiness and success.

The clock is running - make the most of today.

To realise the value of one year - ask a student who has failed his final exam. To realise the value of one month - ask a mother who has given birth to a premature baby.

To realise the value of one week - ask the editor of a weekly newspaper. To realise the value of one day - ask a daily wage labourer who has a wife and children to feed. To realise the value of one hour - ask the lovers who are waiting to meet. To realise the value of one minute - ask a person who has missed the train.

To realise the value of one second - ask the person who has survived an accident. To realise the value of one millisecond - ask the person who has won a silver medal in the Olympics and not the Gold.

Treasure every second that you have. And treasure it more because you shared it with someone special, special enough to have your time, and remember 'Time waits on no man'
